

```
#include <stdio.h>

Void main()

{
int i, j, N;

int count;

printf("Enter no. Of Rows To Print X Pattern: ");
scanf("%d", &N);

count = N * 2 - 1;

for(i=1; i<=count; i++)
{
for(j=1; j<=count; j++)
{
if(j==i || (j==count - i + 1))
{
printf("*");
}
else
{
printf(" ");
}
}
printf("\n");
}
}
```
